Dear Hal,

Just received the final installment of "The Man Who Killed Kennedy." A+E - on internal. Tannenbaum donovan H.S.C.A.

Tom Wilson "says Lisa Steady shows Manhole gunman" killed J.F.K. Jack Brazil shows in Manhole.

Bill Turner says R.F.K. was "Project Freedom", 2d invasion of Cuba.

Rogue Turner CIA/Mafia/ Cuban exiles killed.

#403-205 Bagot Street, Kingston, Ontario, Canada, K7L 5G8

R.F.K.

Bobby told "Harry" Williams, a Cuban exile, "One of your guys did it." True.

Charles Pitzer did not commit suicide, was Murdered.

R.F.K. ordered autopsy Cover-up* to protect Dirs role in "Project Freedom."

As Himself noted, "conspiracy theories, like real realities, never really fade away: someone is forever coming along to give them a fresh coat of paint."

Same gunman went from Penn Jones to Garrison to Lane and Freed in "Book of Executive Action." But I think Lillian Castellano was "first." A dubious honor.

Autopsy photographs ordered from Wilson

*You refute this in "Post-Mortem."

Sincerely, Ed

To younger generation on internet, this of course is "new"!
